CLOSING QUOTATIONS OF MONEY.

Offerings and Sales at the Richmond Tobacco Exchange—Internal Revenue Collections—Foreign Advice.

New York, Feb. 10.—Money closed at 146 per cent., the lowest rate; the highest was 147 per cent. Exchange closed steady; posted rates, 85¢/48¢-88¢; actual rates, 85¢/48¢-88¢ for six days and 87¢/50¢ for demand. Government steady; currency ex. 100 bld.; 4¢, compon. 100¢ bid; extended 1% registered, 100 bid.

There was great activity on the Stock Exchange again this morning. The sale amounting to 1,000 shares up to 12 o'clock. Coal stocks were the most active with the market comparatively quiet.

The opening was steady, with prices generally 1% to 2 per cent. lower.

In the morning there was some activity, which was subsequently lost.

Trade was an exception, being very

strong and advancing from day to day toward

the end of the hour, however, the price

being suspended.

Seating jumped one cent and Lackawanna

dropped one cent.

On the list Atchison, Erie and North

Pacific preferred were the features.

Reading and Lackawanna further advanced by 1%.

But the general list showed a slight

falling. In the afternoon the market was

again weak, and a general raid was made on

some of the call shares, and they were sold down

as follows: Central fell from 129¢ to 127

and Lackawanna from 158 to 156, while Head

closed with a general decline.

Toward noon it quieted down and the decline

was checked somewhat, but the advance

in closing rates shortly after noon caused

a further weakness, and the market was

more or less pronounced at intervals,

in the last half hour, say at the final hour,

then leading suddenly back to the front.

The following are some of the main

points of exchange today:
